## CIO Healthcare Summit Partners with Arizona HIMSS

---

**March 18, 2011** – The CIO Healthcare Summit team announced today that it has partnered with the Arizona Chapter of the Healthcare Information and Management Systems Society (HIMSS) for the upcoming technology event, April 3-6, 2011 at the Westin Kierland Resort and Spa in Scottsdale, Arizona.

The CIO Healthcare Summit brings together CIOs, healthcare technology leaders, IT analysts and solution providers to discuss the latest IT topics and trends in a relaxed, yet focused business setting. The CIO Healthcare Summit Content Committee, a group of innovative CIOs and IT executives from the nation's leading hospitals and healthcare providers, chose the topics featured on this year's agenda. Topics to be discussed include cloud computing and consumer technology, smartphones and tablets, the future of electronic health records, the changing role of the CIO, and clinical innovation.

Established in 1994, Arizona HIMSS provides leadership to foster the advancement and effective use of information technology in Arizona healthcare. Its professional members include individuals in the fields of information systems, clinical systems, management engineering, and telecommunications, as well as students, faculty and clinicians.

The Arizona chapter provides members with professional development through high quality education and by creating networking opportunities. The goal of the association is to promote the exchange of knowledge among healthcare professionals.

"I am excited to be working with Arizona HIMSS for the upcoming technology event. Similar to the CIO Healthcare Summit, the Arizona HIMSS chapter promotes networking and education among its members, acknowledging the importance of information exchange and contacts in building a successful IT career and creating a better healthcare system," said Chris Li, Event Director, CIO Healthcare Summit.

For more information about the CIO Healthcare Summit, visit the website, [www.ciohealthcaresummit.com](http://www.ciohealthcaresummit.com). If you would like to speak to someone directly about the event, contact Chris Li, Event Director, CIO Healthcare Summit at [chris.li@cdmmedia.com](mailto:chris.li@cdmmedia.com) or 808-694-3686.

### **About the CIO Healthcare Summit**

CDM Media brings together CIOs and technology executives from North America's Fortune 1000 organizations to develop business ideas and build lasting relationships with peers and colleagues. The CIO Healthcare Summit, to be held April 3-6, 2011 in Scottsdale, Arizona, allows IT executives to discuss the latest business technology issues and learn about current technology solutions.
