CDM MEDIA ANNOUNCES CIO RETAIL SUMMIT AWARD WINNER, CORBUS

CHICAGO, September 7, 2012—CDM Media announced today that Corbus LLC, a global solutions provider of Information Technology (IT), Supply Chain Management (SCM) and Project Management (PMO) services, was presented the “Game Changer Award” at the 2012 CIO Retail Summit, Aug. 28-29, 2012, in Scottsdale, Ariz.

The CIO Retail Summit is an opportunity for leading C-level executives to explore best practices, have in-depth discussions and make new business contacts in a relaxed, yet focused setting. Attending delegates share insight through engaging panel discussions, think tanks, roundtables, analyst Q&As and more.

“We would like to congratulate Corbus on winning the Game Changer Award at this year’s CIO Retail Summit,” said Ross Abbott, VP Sales, North America for CDM Media. “Corbus always delivers engaging material that resonates well with our audience. The CIOs and IT executives at this year’s summit commended Corbus’ strong array of offerings, as well as the company’s ability to adapt to consumer needs. They’re very deserving of the award and we look forward to their participation in future summits.”

Corbus was nominated by all CIO Retail Summit attendees for outstanding and innovative work, as demonstrated at the summit.

“As we’ve been developing our new service offerings, we believe that we have trendsetting solutions, but nothing confirms that more than when our peers tell us,” said Jason Evans, senior vice president for Corbus. “The CIO Retail Summit attendees have been in this space for years and can easily recognize experienced suppliers that provide exceptional work. Naming us a ‘game changer’ definitely motivates our team to deliver even more surprising and inventive projects. This award proves to us that we have built a quality reputation from our innovative solutions.”

About CDM Media

CDM Media is a leading B2B technology marketing and media firm, producing C-level executive events all over the world. CDM Media specializes in technology summits and custom events for C-level executives from Fortune 1000 companies, and major technology solution providers.
