CDM Media Establishes New York Office and Eyes Double Digit Growth

CHICAGO, April 29, 2014 – CDM Media, the leading B2B marketing and media firm, announced today that in response to tremendous market demand, the company will aim for double digit staff growth before the end of 2014, under pinned by opening a new office in New York City and growing existing offices. As part of the growth, the company will be hiring to fill positions for sales, business development, event management and technical services.

CDM Media has experienced monumental success over the last couple years, and has doubled its product portfolio since 2012. In the last two years, CDM Media has expanded its market share beyond North America into Europe, Africa, Latin America and the Middle East. Due to this growth, a second office was established in Cardiff, UK and this year CDM will open their third office in New York City.

Not only will CDM be hiring for the New York office, but it's looking to grow the Chicago and Cardiff offices as well. With this worldwide expansion, there will be numerous opportunities for career growth and progression for current employees.

"The office in New York will be an integral component of CDM Media's growth strategy," said Glenn Willis, CEO of CDM Media. "The new office will offer up to 50 additional jobs, and the talent pool in the city is second to none. I can't wait to see what the next year has in store and the success not only the company will experience, but individual employees as well."
